

ORTUM

Putting Excellence in Every Workday

The Operational Excellence coach that fits in everyone's pocket.

Guides, teaches and optimizes performance 24/7 – reducing burden on managers

THE ORTUM VALUE

ALIGN

Highlight inconsistencies, Eliminate work that does not contribute to the company's strategy.

IMPROVE

Drives at least a 10-15% productivity increase versus pre-ORTUM performance (~1 hour per day in an average working day).

PROTECT

Provides instant sharing of alarms and right-on-time training to increase safety and quality performance while tracking distracted activity.

ENGAGE

Employees have a 24/7 personalised coaching partner, vastly increasing overall engagement.

A DAY-IN-THE-LIFE WITH ORTUM

LEARNING

Embeds 1-5 minute micro-lessons tailored to individual learning styles and daily tasks, ensuring employees are always ready for the work ahead.

TASKS

Starts every day with a clear focus using the 'rocks first' principle. Time-bound tasks highlight performance gaps and improvement opportunities.

KNOWLEDGE FINDER

Unlocks hidden tacit knowledge via 'answer webs.' Integrates expert knowledge with strict rule-based logic to restrict hallucinations.

PERFORMANCE & FEEDBACK

Offers continuous real-time updates on individual and team KPIs. Empowers every employee to suggest and implement structured continuous improvement ideas directly from the field.

THE SECURE ORTUM BRAIN

Our intelligent architecture structures knowledge into dedicated 'lobes' (Equipment, Process, Management, Strategy) with tailored company restrictions. Leveraging isolated LLMs and rigorous security barriers, we guarantee your proprietary data never leaves your environment. High-end protection ensures privacy, GDPR compliance, and encrypted operations at rest.
